Date 日期	8 Oct 2013
Proposer(s) 提議者	Cyril Leung
Subject 主題	Provision of green for league games
Proposed changes 建議更新內容	<p>2.17 Provision of green</p> <p>2.17.1 The home side should ensure the green availability as per fixture schedule. If the home side fails to book the green, the home side will be treated as "Fail to arrive".</p> <p>2.17.2 The home side should reserve reasonably sufficient time of green availability for a league game. If the game was stopped due to insufficient time, the League Panel may consider imposing a penalty by deducting 1 point per rink to the home side.</p> <p>2.17 提供場地</p> <p>2.17.1 主場方應確保在預定比賽日期能提供場地作賽，假如主場方未有預訂場地作賽，主場方將被判定為「未有到場作賽」。</p> <p>2.17.2 主場方應確保預訂足夠時間的場地作聯賽比賽，假如比賽因預訂場地時間不足而需要終止，聯賽小組將考慮處以每條線道扣除一分的罰則。</p>
Background 背景	<p>There is no bye-law governing if home side forgets to book the green.</p> <p>If the home side reserves insufficient time for a league game. If the game cannot finish and the subsequent slot was booked by others, the league game was forced to postpone or switch to other rink. It is unfair to the away side.</p> <p>To avoid the above circumstance, we propose to add the bye-laws.</p>
Benefits 好處	The home side will book the green with reasonably sufficient time to complete a league game. In current practice, a booking of 4 hours is reasonably sufficient for a league game.
